RE: Docket No. 03-00502

TN REGULATORY AUTHORITY

Dear Mr. Jones:

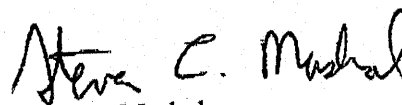

This letter is in response to the inquiries sent concerning Tenn. Code Ann. §65-21-114 for the Workshop to Gather Information.

Although Infonet Telecommunications Corporation ("Infonet") is certificated as a reseller of interexchange telecommunications services in Tennessee, Infonet has not yet provided any services in the state. However, Infonet has contracted with its underlying carrier, AT&T, to provide bills that are in compliance with applicable state regulations. Pursuant to this agreement, Infonet will rely on AT&T's expertise for handling the technical, operational, administrative and other issues that arise in complying with Tenn. Code Ann. § 65-21-114(a).

Infonet currently has only one business customer and that customer does not presently require services in Tennessee.

Please contact me if you have any questions.

Sincerely,

Steven L. Mashal
Corporate Counsel
